Writing Kit Instructions

Fairytales Postcard

You Will Need:

- A Post Card [Provided by the Library]
- Scissors [You Provide]
- Pencil, Pen, or Markers – some kind of writing utensil [You Provide]

Instructions

With the post card templates provided, use your scissors to cut them out.

Next, with your writing utensil, write a post card note on the side with lines to a family member or friend describing the amazing and magical adventure you just went on. (If you haven't battled dragons in far away lands recently, its okay to make something up.)

Once you have told your family member or friend all about your adventure, flip the post card over and in the blank space, draw a scene from your adventure!
